# Anqi Zhao

2311 Stinson Drive, 5109 SAS Hall. Raleigh, NC 27695, U.S. | azhao6@ncsu.edu | +1 (949)-561-7457

## Education

**North Carolina State University**, Raleigh, Ph.D. Candidate in Statistics 2024-present

**University of Washington**, Seattle, M.S. degree in Statistics. 2022-2024

- GPA: 3.96/4.0

**University of California, Irvine**, B.A. degree in Quantitative Economics, minor in Statistics 2019-2022

- GPA: 3.976/4.0 with the Latin Honors designation of Magna Cum Laude

## RESEARCH EXPERIENCE:

**Research with Professor Wenbin Lu**, NCSU – Raleigh, NC Sept. 2025-present

- Developing task-aware LLM training methods for clinical note summarization.
- Developing statistically efficient inference methods for human-aligned LLM evaluation.

**Research with Professor Shu Yang**, NCSU – Raleigh, NC Jan. 2025-present

- Conducting research under Professor Shu Yang, specializing in biostatistics and causal inference.
- Proposing and developing new conformal prediction methods for individual treatment regime learning, with possible applications in precision medicine and drug development.

**Research Assistant with Professor Jing Tao**, UW – Seattle, WA Jan.2023-Sept.2023

- Conducted research with Professor Jing Tao on econometric methods for demand estimation, focusing on parameter estimation and statistical modeling using Python.
- Implemented methods from existing literature, including Nonparametric Instrumental Variables (NPIV) and Generalized Method of Moments (GMM), for econometric analysis.

**Undergraduate Research with Professor Matthew Harding**, UCI – Irvine, CA Jan.2022-March 2022

## RESEARCH PRESENTATIONS

**New England Statistics Symposium (NESS)**, Invited Talk 2026

**International Chinese Statistical Association (ICSA)**, Invited Talk 2026

**Joint Statistical Meetings (JSM)**, Contributed Talk 2026

## AWARDS & HONORS

**ASA Student Early Career Travel Award**, American Statistical Association 2026

**NSF Travel Award**, International Chinese Statistical Association (ICSA) 2026

**William H. Swallow Fellowship Award**, North Carolina State University 2025–2026

## TEACHING EXPERIENCE:

**Instructor, ST 311**, NCSU – Raleigh, NC Fall 2025

**Teaching Assistant, ST 542**, NCSU – Raleigh, NC Summer 2025

**Teaching Assistant, ST512**, NCSU – Raleigh, NC Fall 2024

**Grader/Reader, Stat 342 & 340 & 394 & 341**, UW – Seattle, WA Spring 2023-Spring 2024

**Grader/Reader, Econ 431A**, UW – Seattle, WA Fall 2022

## ACADEMIC SERVICE & MENTORING

**Session Chair**, Joint Statistical Meetings (JSM) 2026

**Mentor**, ASA DataFest 2025, North Carolina State University March 2025

**Mentor**, ASA DataFest 2023, University of Washington March–April 2023

## TECHNICAL SKILLS & LANGUAGES

**Programming & Tools:** Python, R, SAS, PyTorch, Hugging Face Transformers, Git, LaTeX.

**Research Expertise:** Statistical inference, causal inference, conformal prediction, machine learning, deep learning, and large language models.

**Computing:** Linux, high-performance computing (HPC), GPU computing, SLURM.

**Languages:** Mandarin Chinese (native), English (fluent).
